Bachelor of Science in Biosystems Engineering[†]

Department of Biosystems Engineering

Program Educational Objectives

The Educational Objectives of the Biosystems Engineering (BE) B.S. Program at the University of Arizona are to produce graduates who, within the first few years after graduation, are well equipped and:

1. Are effective engineers within the natural resources- and biotechnology-related industries; and
2. Perform and lead engineering projects and make significant contributions; or
3. Are enrolled in an advanced engineering or medical or other professional degree program and are successful in those.
