Math 124 is a 5-unit version of Math 125. Students taking Math 124 should consider delaying the Tier 1 INDV course to maintain a reasonable academic load.

* INDV/TRAD courses must meet University general education requirements. One course must be recognized by the University as focusing on non-western culture, race, gender or ethnicity. TRAD 101 satisfies this requirement.

**Option electives must be approved by the student's advisor. A list describing all approved electives and recommended options is available in the department office.

*** Four units from ENGR 211 courses. One unit must be Electric Circuits. Engineering Economics may not be taken for credit.
